

Quickie Rheem Plus Kit, QIK15-RP

The QIK-RP kit has been developed to make the installation of RHEEM Plus water heaters “quick and easy”, with everything you need in one convenient box, just add the pipework.

The kit includes a non return isolating valve with strainer, a 1200kPa expansion control valve, all the unions and tee pieces required and comes complete with insulation covers. The QIK-RP kit requires no thread seal tape to assemble and is supplied with fibre washers for a “quick and easy” job.

QIK15-RP KIT

ITEM NO.	DESCRIPTION	QTY
1	BFU20FI15C (including 1 x 3/4" fibre washer)	2
2	NRIBVS-15C (with only one nut and olive)	1
